**Is your child completely toilet trained?** Children must be toilet trained by the time they start the Early Childhood program. "Toilet Trained" means that your child is able and willing to independently use the toilet in all aspects, including dressing/undressing, wiping, etc. We understand that a toilet trained child may have an occasional accident. However, we would not consider a child that is having accidents on a daily basis to be toilet trained.

### Early Childhood

- Morning Program: 9:00am-12:00pm M-F.....\$ 475 per month  
*Paid over 12 months*

The half-day program is intended for children aged 3 to 6 years old.

- Full Day Program: 9:00am-3:00pm M-F.....\$ 675 per month  
*Paid over 12 months*

The full day program is intended for children aged 4 to 6 years old who are socially, emotionally, and intellectually prepared for a longer day. The Full Day child is expected to be able to concentrate and complete the work cycle. These children should have strong grasp of all the letter sounds, abstract number concepts, and penmanship skills. The afternoon program focuses on academic preparation for the elementary years. Our teachers will determine whether your child is ready for this program.

**Tuition is paid on an annual payment cycle, over a 12 month period starting on June 1, 2018. This year round payment system helps to give our school a commitment over the summer and to spread payments out for our clients. Tuition will be automatically deducted from the bank account of your choice each month.**

A 10% discount will be given for multiple family members.

A \$300 non-applicable, non-refundable Registration Fee (per family) is currently due to hold your child's space in our program. We advise you to read the information carefully, tour our school, and meet with the teachers before paying this fee. We want you to be certain that our school is appropriate for you and your child. After the child starts, this fee must be paid annually. The Registration Fee is separate from tuition.

Dear Family,

We thank you for your interest in Growing Light Montessori School. Enclosed is our registration information. Montessori education has been delighting children and their families for over 100 years. We hope you find the following information about the Montessori philosophy helpful.

We are committed to offering a quality program based on these key concepts:

- ❖ The aim of Montessori education is to foster competent, responsible, adaptive, citizens who are lifelong learners and problem solvers.
- ❖ Learning occurs in an inquiring, cooperative, nurturing atmosphere. Students increase their own knowledge through self-and teacher-initiated experiences.
- ❖ Students learn by manipulating didactic materials and through interactions with peers and teachers.

In our Montessori classroom:

- ❖ We believe in the education of the whole child. The physical, emotional, social, aesthetic, spiritual, and cognitive needs and interests are inseparable and equally important.
- ❖ We encourage respect and caring attitudes for oneself and other people, the environment, and all life.

We, as certified American Montessori Society teachers, are educated in these areas:

- ❖ Human growth and development.
- ❖ Observational skills to match students' developmental needs with materials and activities. This allows the teacher to guide students in creating their individual learning plan.
- ❖ An open-ended array of suggested learning materials and activities that empower teachers to design their own developmentally responsive, culturally relevant learning environment.
- ❖ Teaching strategies that support and facilitate the unique and total growth of each individual.
- ❖ Classroom leadership skills that foster a nurturing environment that is physically and psychologically supportive of learning.
